Abstract: The Lacey Act (Act; 18 U.S.C. 42) prohibits the importation of any animal deemed to be and prescribed by regulation to be injurious to:

- Human beings;
- The interests of agriculture, horticulture, and forestry; or
- Wildlife or the wildlife resources of the United States.

Implementation and enforcement of the Lacey Act are the responsibility of the Department of the Interior. The implementing regulations at 50 CFR 16.13 allow for the importation of dead uneviscerated salmonids (family Salmonidae), live salmonids, live fertilized eggs, or gametes of salmonid fish into the United States. To effectively carry out our responsibilities and protect the aquatic resources of the United States, we must collect information regarding the source, destination, and health status of salmonid fish and their reproductive parts. Moreover, in order to evaluate import requests, we must be able to ascertain that the collected information is accurate. Individuals who provide the fish health data and sign the health certificates must demonstrate professional qualifications and

be approved as Title 50 Certifiers by the Fish and Wildlife Service through an application process.

We use three forms to collect this Title 50 Certifier application information:

- FWS Form 3-2273 (Title 50 Certifying Official Form) – New applicants and those seeking recertification as a title 50 certifying official provide information so that we can assess their qualifications.
- FWS Form 3-2274 (Title 50 Certification Form) – Certifying officials use this form to affirm the health status of the fish or fish reproductive products to be imported.
- FWS Form 3-2275 (Title 50 Importation Request Form) – We use the information on this form to track and control importations and to ensure the safety of shipments.

Proposed Revisions

With this renewal, we propose to modify Forms 3-2274 and 3-2275 to add fields to collect email addresses and contact numbers with each submission. We do not plan to revise Form 3-2273, which already collects this information. We also plan to begin publishing, with OMB approval, the results of this information collection for Form 3-2273 on a publicly accessible, Service-managed webpage to inform importers of Certified Signing Officials by country of origin.

The public may request copies of any form contained in this information collection by sending a request to the Service Information Collection Clearance Officer (see **ADDRESSES**).
